

telephone call and sighting the physician outside the patient's home did not waver throughout the pendency of the proceeding and was consistent with and supported by the patient's prior statements to other people. In re Suspension or Revocation of License of Joachim, OAL Dkt. No. BDS 7297-03, 2007 N.J. AGEN LEXIS 173, Initial Decision (April 5, 2007).

Since there was no justification for a limb length discrepancy examination in the record where a victim patient was being examined without a chaperone for a toe injury, and the surrounding circumstances showed that it was only a pretext to get the patient to disrobe, the physician's conduct constituted sexual misconduct and sexual harassment, and therefore was in violation of N.J.S.A. 45:1-21(h). In re Suspension or Revocation of License of Hakimi, OAL Dkt. No. BDS 11873-04, 2006 N.J. AGEN LEXIS 148, Initial Decision (February 24, 2006).

During years before adoption of regulation prohibiting licensee from engaging in sexual contact with a patient with whom he or she had a patient-physician relationship, it was not per se violation of the Medical Practices Act for a physician to engage in consensual sexual relations with patient. In the Matter of the Suspension or Revocation of the License of Costino, Jr. to Practice Medicine and Surgery in the State of New Jersey, 1998 N.J. AGEN LEXIS 1, N.J. Adm., Feb 24, 1998, (OAL DKT. NO. BDS 10628-94).

Psychiatrist's engaging in sexual relations with patient warrants suspension of medical license. In the Matter of the Suspension or Revocation of the License of Tricarico, 96 N.J.A.R.2d (BDS) 18.

Florida's revocation of physician's license for sexual misconduct supports New Jersey's license revocation. In the Matter of Vatakencherry, 96 N.J.A.R.2d (BDS) 1.

Sexually abusing patients while conducting gynecological examinations warranted revocation of license and imposition of fine. In Matter of Suspension or Revocation of License of Chunmuang, 93 N.J.A.R.2d (BDS) 27.

No proof of alleged sexual molestation by doctor. In Matter of Suspension and Revocation of License of Prada, 93 N.J.A.R.2d (BDS) 1.

Podiatrist's improper touching of female patients and relative of one patient constituted professional misconduct; license revoked and civil penalties imposed. In Matter of Suspension or Revocation of License of Schulman, 92 N.J.A.R.2d (BDS) 16.

13:35-6.4 Delegation of administration of subcutaneous and intramuscular injections to certified medical assistants

(a) The following words and terms, when used in this section, shall have the following meanings, unless the context clearly indicates otherwise:

1. "Physician" means a doctor of medicine (M.D.), a doctor of osteopathic medicine (D.O.), or a doctor of podiatric medicine.

2. "Certified medical assistant" means a graduate of a post-secondary medical assisting education program accredited by the National Healthcare Association (NHA), or its successor, The Committee on Allied Health Education and Accreditation of the American Medical Association (CAHEA), or its successor; Accrediting Bureau of Health Education Schools (ABHES), or its successor; or any accrediting agency recognized by the U.S. Department of Education. The educational program shall include, at a minimum, 600 clock hours of instruction and shall encompass training in the administration of intramuscular and

subcutaneous injections and instruction and demonstration in: pertinent anatomy and physiology appropriate to injection procedures; choice of equipment; proper technique, including sterile technique; hazards and complications; and emergency procedures. The medical assistant must also maintain current certification from the Certifying Board of the American Association of Medical Assistants (AAMA), the National Center for Competency Testing (NCCT) or registration from the American Medical Technologists (AMT), or any other recognized certifying body approved by the Board.

(b) A physician may direct a certified medical assistant employed in the medical practice in which the physician practices medicine, to administer to the physician's patients an intradermal, intramuscular or subcutaneous injection in the limited circumstances set forth in this section, without being in violation of the pertinent professional practice act implemented by the Board, to the extent such conduct is permissible under any other pertinent law or rule administered by the Board or any other State agency.

(c) A physician may direct the administration of an injection by a certified medical assistant only where the following conditions are satisfied:

1. The physician has determined and documented that the certified medical assistant has the qualifications set forth in (a)2 above and has attained a satisfactory level of comprehension and experience in the administration of intramuscular and subcutaneous injection techniques.

2. The physician shall examine the patient to ascertain the nature of the trauma, disease or condition of the patient; to determine the appropriate treatment of the patient including administration of an injection; to assess the risks of such injection for a given patient and the diagnosed injury, disease or condition; and to determine that the anticipated benefits are likely to outweigh those risks.

3. The physician shall determine all components of the precise treatment to be given, including the type of injection to be utilized, dosage, method and area of administration, and any other factors peculiar to the risks, such as avoidance of administration sites on certain parts of the body. The physician shall assure that this information shall be written on the patient's record and made available at all times to the medical assistant carrying out the treatment instructions, who shall also be identified by name and credentials in the patient record on each occasion that an injection is administered.

4. The physician shall remain on the premises at all times that treatment orders for injections are being carried out by the assistant and shall be within reasonable proximity to the treatment room and available to observe, assess and take any necessary action regarding effectiveness, adverse reaction or any emergency.

5. The certified medical assistant shall wear a clearly visible identification badge indicating his or her name and credentials.

(d) The physician shall not direct the administration by a certified medical assistant of an injection which includes any of the following: any substance related to allergenic testing or treatment, local anesthetics, controlled dangerous substances, experimental drugs including any drug not having approval of the Food and Drug Administration (FDA), or any substance used as an antineoplastic chemotherapeutic agent with the exception of corticosteroids.

Amended by R.1989 d.532, effective October 16, 1989.

See: 21 N.J.R. 2226(b), 21 N.J.R. 3307(a).

In (a)3, inserted "purchasing or" preceding "prescribing".

Repealed by R.1992 d.75, effective February 18, 1992 (operative April 15, 1992).

See: 23 N.J.R. 161(a), 23 N.J.R. 1063(a), 24 N.J.R. 626(a).

Section was "Prohibition of kickbacks, rebates or receiving a payment for services not rendered."

New Rule, R.1997 d.226, effective June 2, 1997.

See: 28 N.J.R. 2317(a), 28 N.J.R. 3512(a), 29 N.J.R. 2564(a).

Amended by R.1998 d.560, effective December 7, 1998.

See: 29 N.J.R. 4740(a), 30 N.J.R. 4247(b).

In (c), deleted former 4 and recodified former 5 and 6 as 4 and 5; and added (d).

Amended by R.1999 d.356, effective October 18, 1999.

See: 31 N.J.R. 1742(a), 31 N.J.R. 3117(a).

In (a)2, inserted a reference to the National Center for Competency Testing.

Amended by R.2011 d.155, effective June 6, 2011.

See: 42 N.J.R. 1310(a), 43 N.J.R. 1359(b).

In (a)2, substituted "the National Healthcare Association (NHA), or its successor, The Committee on Allied Health Education and Accreditation of the American Medical Association (CAHEA)" for "CAHEA (The Committee on Allied Health Education and Accreditation of the American Medical Association)" and "Accrediting Bureau of Health Education Schools (ABHES)" for "ABHES (Accrediting Bureau of Health Education Schools)", and deleted a comma following "(NCCT)"; and in (b), inserted "intra-dermal,".

13:35-6.5 Preparation of patient records, computerized records, access to or release of information; confidentiality, transfer or disposal of records

(a) The following terms shall have the following meanings unless the context in which they appear indicates otherwise:

"Authorized representative" means, but is not necessarily limited to, a person who has been designated by the patient or a court to exercise rights under this section. An authorized representative may be the patient's attorney or an employee of an insurance carrier with whom the patient has a contract which provides that the carrier be given access to records to assess a claim for monetary benefits or reimbursement. If the patient is a minor, a parent or guardian who has custody (whether sole or joint) will be deemed to be an authorized representative, except where the condition being treated relates to pregnancy, sexually transmitted disease or substance abuse.

"Examinee" means a person who is the subject of professional examination where the purpose of that examination

is unrelated to treatment and where a report of the examination is to be supplied to a third party.

"Licensee" means any person licensed or authorized to engage in a health care profession regulated by the Board of Medical Examiners.

"Patient" means any person who is the recipient of a professional service rendered by a licensee for purposes of treatment or a consultation relating to treatment.

(b) Licensees shall prepare contemporaneous, permanent professional treatment records. Licensees shall also maintain records relating to billings made to patients and third-party carriers for professional services. All treatment records, bills and claim forms shall accurately reflect the treatment or services rendered. Treatment records shall be maintained for a period of seven years from the date of the most recent entry.

1. To the extent applicable, professional treatment records shall reflect:

- i. The dates of all treatments;
- ii. The patient complaint;
- iii. The history;
- iv. Findings on appropriate examination;
- v. Progress notes;
- vi. Any orders for tests or consultations and the results thereof;
- vii. Diagnosis or medical impression;
- viii. Treatment ordered, including specific dosages, quantities and strengths of medications including refills if prescribed, administered or dispensed, and recommended follow-up;
- ix. The identity of the treatment provider if the service is rendered in a setting in which more than one provider practices;
- x. Documentation when, in the reasonable exercise of the physician's judgment, the communication of test results is necessary and action thereon needs to be taken, but reasonable efforts made by the physician responsible for communication have been unsuccessful; and
- xi. Documentation of the existence of any advance directive for health care for an adult or emancipated minor, and associated pertinent information. Documented inquiry shall be made on the routine intake history form for a new patient who is a competent adult or emancipated minor. The treating doctor shall also make and document specific inquiry of or regarding a patient in appropriate circumstances, such as when providing treatment for a significant illness, or where an emergency has occurred presenting imminent threat to life, or where surgery is anticipated with use of general anesthesia.
